

## Footprint of BSR10-B2 PCB (TOP)

The diagram illustrates the top footprint of the BSR10-B2 PCB. A red dashed rectangle in the upper center is labeled "Antenna Location". Below this, the component layout is shown, including a microcontroller (U7), various passive components (resistors R801-R906, capacitors C801-C910), and a connector (X1). The layout is oriented with the microcontroller at the bottom center and the connector at the bottom right.
